Professional Summary

Performance-driven Front-End Developer with solid experience building React.js and Next.js applications for tourism, crypto, and e-commerce projects. Skilled in TypeScript, Redux, Tailwind CSS, and performance optimization. Proven ability to deliver responsive, scalable UIs and improve load times and workflow efficiency. Seeking to contribute to high-impact products and mentor junior developers.

Professional Experience

Front-End Developer, *Delta Dev* 11/2025 – Present
Tanta

- **Engineered** responsive web applications using React.js, Next.js, and Tailwind CSS, delivering consistent experiences across desktop and mobile devices.
- **Developed** a reusable component library, reducing duplicated UI code and improving development consistency across projects.
- **Led** code reviews and mentored junior developers, promoting best practices in performance, accessibility, and maintainable front-end architecture.

Front-End Developer, *Freelance / Remote* 2024 – Present
Remote

- **Developed** Elmullim_Frontend and other educational platforms using modern front-end technologies, supporting online examinations, Stripe payments, and role-based dashboards.
- **Built** role-based interfaces and interactive exam workflows to provide tailored experiences for different user types.
- **Integrated** payment functionality with Stripe, enabling secure online payment flows within the platform.

Front-End Developer, *Sync8Solutions* 07/2025 – 10/2025
Tanta

- **Engineered** responsive web applications using React, Inertia.js, Tailwind CSS, and Ant Design, focusing on reusable and maintainable UI components.
- **Designed** an image moderation dashboard for a tourism application, streamlining the process of reviewing and managing user-generated images.
- **Developed** a real-time crypto dashboard with wallet and price tracking, providing users with up-to-date market and portfolio information.

Internship

Createivo, *Web Developer* 02/2025 – 04/2025

- Created a project management platform for products, orders, reviews, and user interactions using HTML, CSS, and JavaScript.

NTI - National Telecommunication Institute & ITIDA 08/2024 – 09/2024

- Covered freelancing basics, pricing, project management, portfolio building, and proposal writing.

- Intensive training in HTML, CSS, JavaScript, PHP, Laravel, and modern frontend frameworks.

Education

B.Sc. Computer and Information, *Kafr El-Sheikh University*

2021 – 2025

Projects

Trekio (Tourism App)

- **Built** a moderation dashboard with batch approvals, filtering, and role-based views.

E-Commerce Website, *(React.js, Redux, Axios, HTML, CSS, JavaScript)*

- Built online store with product filtering, cart, order placement, and authentication.

Food Ordering Website, *(React.js)*

- Developed a food ordering app with menu display, cart and order pages, and authentication.

Hotel Booking Website, *(React.js, Tailwind CSS, Clerk, React Router)*

- Built a booking platform with room browsing and booking and Clerk-based authentication.

YouTube Clone, *(React.js, YouTube Data API)*

- Created a YouTube-like app with video browsing and playback using the YouTube Data API.

Coffee Shop Website, *(Next.js, React.js, Tailwind CSS, Shadcn UI, AOS)*

- Designed a responsive coffee shop site with animations, focusing on UI/UX and performance.
